LOGISTIC QUOTATION

SERVICES FOR SMES AND MSMES

Business World Trade has always fulfilled its objective of connecting buyers and suppliers for a long time. In growing and developing its business, Business World Trade has partnered with various leading organizations that provide the best delivery services. It is for all the SMEs where they can easily promote the shipment of goods conveniently and efficiently. The clients can look at the quotations from various renowned transportation providers and then choose the one accordingly. Further, customers can access and track the order through GPS technology with a 24/7 customer care executive. We aim to provide fast and secure transportation services and experience to all our clients.

FTA (FREE TRADE AGREEMENT)

A free trade agreement is a pact between two or more nations to reduce barriers to imports and exports among them. Under a free trade policy, goods and services can be bought and sold across international borders with little or no government tariffs, quotas, subsidies, or prohibitions to inhibit their exchange.

The benefits of free trade were outlined in *On the Principles of Political Economy and Taxation*, published by economist David Ricardo in 1817.
